May 1, 2017

Dear Parents/Guardians and Staff,

Today, Glen Rock Public Schools is pleased to announce the official launch of a district-wide Facebook Fan Page! This launch is one component of the Glen Rock Public Schools Communications Plan and we are delighted to bring this initiative forward at this time.

The GRPS Facebook page will serve as an additional vehicle to enhance school district communications. The page will contain flyers about district and school programs, information that celebrates accomplishments of GRPS students, teachers and administration, and upcoming district events. Think of the Facebook page as an additional vehicle for telling the Glen Rock Public School district story.

Please become a member of the Facebook page by visiting: us at <https://www.facebook.com/GRBOE> .

As you know the district recently advanced its Critical Incident Response Team communications with the implementation of Share911. In addition, the district has begun work on the development of a new website presence, which will eventually include an updated system for communicating emergencies with you. The Facebook page will serve a different strategy that enhances our communications and therefore we will continue to utilize the Honeywell system for emergency communications and the Genesis email notification system to provide you with important school and district correspondence. Glen Rock Public School district is positioning itself for the 21st century and beyond! We hope that you will avail yourself of this added communication tool.

Sincerely,

Paula Valenti

Superintendent
